

VERMONT ENVIRONMENTAL BOARD
10 V.S.A., Chapter 151

RE: Crushed Rock, Inc.
P.O. Box 133
Pittsford, VT 05763

MEMORANDUM OF DECISION
AND ORDER

Public hearings were held on September 17, 1986 and September 22, 1986 in the **Rutland City Hall, Rutland,** Vermont, to consider a petition to revoke Land Use Permits **#1R0489** and **#1R0489-1** filed on August 19, 1986 by Judy **LaFaso** and other residents of the Town of Clarendon, Vermont. Permit **#1R0489** was issued on May 1, 1984, and authorized Crushed Rock, Inc. ("Permittee") to extract sand, gravel and stone with a related operation of a gravel pit and stone quarry east of the Clarendon River on Route 133 in Clarendon. Permit **#1R0489-1** was issued on May 13, 1986, and extended the original hours of operation of the pit.

The following parties participated in the revocation proceedings:

Permittee Crushed Rock, Inc. by Peter W. Hall, Esq.
Town of Clarendon by William Bloomer, Esq.
Pike Industries, Inc. by Stephen Cosgrove, Esq.
Chester and Eileen Doaner by Neal Vreeland, Esq.
George and Hazel Kearney, Edward and Alice **McCormack**,
Ronald and Judith Wilder, and Arthur and Theresa
Witham by Richard Sullivan, Esq.

Decision

Based on the evidence presented, the Board finds that there were repeated violations of the limits established for the size of the blasts, the hours and frequency of blasting, the hours of operation, the number of truck trips, and the amount of stone extraction, as set forth in Permits **#1R0489** and **#1R0489-1**, and that such violations constitute grounds for revocation under 10 V.S.A. **§ 6090(c)** and Board Rule **38(A)**. The Board will issue a full decision, including findings of fact and conclusions of law, as soon as possible.

9/23/86

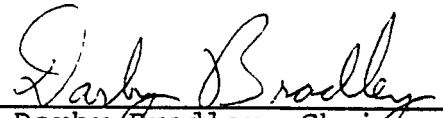

106-306.

Order

Land Use Permits #1R0489 and #1R0489-1 are hereby revoked as of Monday, September 22, 1986 at 5:30 p.m. No quarry or gravel operations, including removal of any existing stockpiles, shall be conducted at the site. Crushed Rock, Inc. shall keep the gate on the access road closed and locked at all times, except to allow the removal of equipment currently on the site.

Dated at Montpelier, Vermont this 23rd day of September, 1986.
